Yes. At 11:59pm the day before the live race event, tickets are no longer available for posting to resale as well as purchasing from resale.
• Any posted tickets are automatically removed by Ticket Exchange and returned to the customer’s account. This is done so that the unsold tickets may now be used by the customer or forwarded to a friend.
• Ticket purchasing is not available the day of the race to enhance the customer experience to provide a smooth entry into the facility. The resale customers may now verify the tickets and QR code on a mobile device or contact Ticket Exchange for assistance.

If I purchased a 2- or 3-day package, why can’t I sell my tickets as a package?
• Each ticketed seat has a unique barcode for each event date. When posting tickets for resale, the system had to verify each seat’s authenticity individually.
Once my tickets have been posted for sale, can I change my mind?
Yes, you can change the price, payout method, or remove your listing altogether anytime before your tickets sell. How will my Kentucky Derby, Kentucky Oaks, or other live racing resale tickets be delivered?

There are no reprints for resale tickets, including the inability to retrieve the resale ticket on your mobile device due to a lack of carrier data coverage.
What additional amenities or other notes are linked to a resale ticket?
