

FILLIES

Winning Colors (1988), Genuine Risk (1980) and Regret (1915) are the only fillies to win the Kentucky Derby. Each raced against males in advance of running in the Kentucky Derby. Winning Colors and Genuine Risk are the only two fillies to compete in all three Triple Crown races. Winning Colors finished third in the 1988 Preakness Stakes and sixth in the 1988 Belmont Stakes, while Genuine Risk finished second in both the 1980 Preakness and Belmont.

A total of 40 fillies have run in the Kentucky Derby and six were post-time favorites. Among them were Regret and Calumet Farm's Nellie Flag, who finished fourth in 1935. The H.P. Whitney entry of the filly Prudery (third) and the colt Tryster (fourth) was favored in 1921. The all-filly entry of Althea (19th) and Life's Magic (eighth) was favored in 1984, and the entry of filly Serena's Song (16th) and colt Timber Country (third) was the post-time favorite in 1995.
